

# Measures to promote the SDGs in the Securities Industry: Establishment of Council and Subcommittees for Promoting SDGs

## Objective

In order to actively tackle the social challenges raised by the SDGs, the Council for Promoting the SDGs in the Securities Industry has been established as an advisory body to the JSDA Chairperson.

**Council for Promoting the SDGs in the Securities Industry**  
Chair: JSDA Chairperson, Members: JSDA member companies and external experts

### Subcommittee on ending poverty/starvation and protecting the global environment

- examines impact/ESG investments (e.g. originating and distributing vaccine bonds, water bonds and green bonds), and
- seeks further possibilities for contribution.

### Subcommittee on promoting decent working conditions and women's participation in society

- examines initiatives for increasing productivity, promoting decent working conditions, encouraging the employment of women, cultivating female directors and managers, etc., and
- considers measures to achieve productive employment and decent working conditions in the industry.

### Subcommittee on supporting education for the socially vulnerable

- examines education support including donating funds and providing voluntary work for motherless/fatherless families and orphans, and
- considers further specific support activities
