

Financial Overview of Regular Members **—half-year results**

(Purpose)

These statistics are to provide the general public with the financial overview as of the interim period (half-year) of Regular Members as one of indicators that facilitate understandings on the trend in the financial instrument business industry.

(Definitions)

“Regular Members” are those defined in Article 5, Item 1 of the JSDA’s Articles of Association.

(Notes for Users)

Data are gathered from Regular Members as of the end of September. However, those that have not yet started operations or have suspended operations, etc. are excluded.

(Publication Timing)

These statistics are published around the beginning of December on the JSDA’s website.

These explanatory materials are intended to provide assistance to non-professionals using the statistical data provided by the JSDA in understanding the specialized vocabulary used in statics. The definitions and other explanations used are not necessary based on laws or other regulations.
