

Number of Special Members by Sector

(Purpose)

These statistics are publicized as reference materials to enable the general public to understand the current status and trends in the financial instruments business industry.

(Definitions)

“Sectors” are determined by the JSDA based on the business categories, etc. publicized by the Financial Services Agency.

(Data Source)

Data are gathered from Special Members’ reports submitted in accordance with Article 18 that applies mutatis mutandis to Article 33 of the Articles of Association.

(Notes for Users)

For a breakdown of each sector, please refer to the [Special Member List](#).

(Publication Timing)

These statistics are as of year-end (at the end of December) and are published on the JSDA’s website at the end of two months later.

These explanatory materials are intended to provide assistance to non-professionals using the statistical data provided by the JSDA in understanding the specialized vocabulary used in statistics. The definitions and other explanations used are not necessary based on laws or other regulations.
